

Tunisian Crochet

with Jasmine Lefler McDrago

Saturday August 6th, 2:00 pm – 5:00 pm

Cost: \$50 which includes all materials and instructions

Want to learn Tunisian Crochet?

It's been called a hybrid of knitting and crochet, but that definitely doesn't do it justice.

This technique is incredibly versatile – capable of producing anything from lacy, airy projects to incredibly dense fabrics. It's a lot of fun and the possibilities are endless.

During this workshop, participants will learn the basics of Tunisian crochet with at least two different stitches while making a hot pad/ pot holder.

Everything you need for this class (hook, yarn and instructions) is included & will be yours to keep and take home.

Skill level: Beginner

Some knowledge and familiarity manipulating a hook and yarn would be beneficial, but is not necessary.

Class size will be limited to six participants, so please register soon at draeghonfysh@gmail.com
